v1 You talked to me of dragons
Who stalked you from their lair,
I went to look, there were no dragons there;

v2 You talked to me of goblins
Who poked at you for fun,
I looked, but couldn't find a single one;

v3 You talked to me of aliens
Who shot at you from space,
I scanned the skies, but couldn't find a trace;

v4 You talked to me of pirates
Who made you walk the plank;
I sailed the seven seas, but drew a blank;

Br 1 Sleep onwards, the stars are bright,

You have no need to fear the night;
There`s nothing here for you to fight
That cannot wait until the light;

v5 You talked to me of ghosties
Who haunted you at night,
Yet I kept watch, there were no ghosts in sight;

v6 You talked to me of monsters
Who rose up from the deep,
I watched all night, there was only you, asleep;
Only you, asleep.....
Only you, asleep.....
