----	---	---	---

v1 A gentle vision in the night,
 A dancing lady gowned in white:
 Then not at all,
 A shadow's fall
 Against a wall.

v2 A subtle presence drawing near,
 A breathless secret, crisp and clear:
 Then no more there,
 The soft night air
 Against my hair

Bridge A teasing whisper through the gloom,
 A calling just beyond the room:
 To then subside,
 The gust that died
 From just outside

v3 A vague stirred memory of the past,
 A faded lover long since cast:
 Then all is slain,
 A head now lain
 To sleep again
