v1 Here we go again: The endless circle of hurt and pain, The deeds of spite, the words of blame, The passage of time, and regrets:

Arms within the darkness, Reach across the bed, Love that fuels resentment Turns to love that needs instead;

Ch1 Me and you, you and me, This is the way that it always will be, Just trying again perpetually, For this is as good as it gets.

## v2 Here we go once more:

Another round in our lovers' war, The can't forgive, the won't ignore. The cold light of day that forgets:

Smiles that greet the morning, Eyes that meet by day, Where scowls of accusation Turn to everything's okay;

## Ch2 You and me, me and you,

Doing our things in the way that we do, The patching it up, the starting anew; And this is as good as it gets.

### Ch3 Me and you, you and I,

Pursuing a dream somewhere up in the sky, Then heading to Earth for the humbler pie; And that's as good as it gets.
