v1 Let's take this kind and balmy air,  
And wander, you and I,  
Together, hand in hand, to where  
The cliff top meets the sky:  
Let's feel our longing spirits soar,  
Imaginations flow:  
So easy, if we just ignore  
The rocks that lurk below.

Ch 1 So, come with me to the cliff top's edge,  
The grandest view of all:  
Will we leap, and will we fly,  
Or will we simply fall?

v2 Let's feel this breeze within our hair,  
And stand here, you and me,  
Embrace that warm belonging where  
Horizon meets the sea:  
Let's fuel our deepest yearnings yet,  
Go where we long to go,  
So simple if we just forget  
The whirlpools down below.

Ch 2 So, come with me to the cliff top's edge,  
Where vistas take your breath:  
Will we jump, and will we glide,  
Or will we plummet to our death?
