V1 When your failings make you feel uptight,
It' s who you are that makes it turn out right,
And who you are that means you sleep at night,
Restful in your bed;

When you're gripped by all this fear and doubt,
It's who you are that keeps it working out,
And who you are that brings the turnabout
To fortitude instead;

SV1 Be yourself,
Stay steadfast, strong and true;
And if you're not sure what else to be,
Be you,

Ch1 You don't have to be brilliant,
You don't have to be a star,
You shine already, just the way you are

SV2 Be yourself,
Keep courage shining through;
And whatever else you try to be,
Be you,

Ch2 You don't have to be perfect,
You don't have to clear that bar,
You soar already, just the way you are

Ch3 You don't have to be wonderful,
You don't need the big cigar,
You're smoking now, just the way you are.
