----	-------------------------------	-------------	-------------------------------	-------------

v1 Shall we bathe awhile
In the soft warm smile
Of days we spent in Autumn,
Holding hands again
Down each gentle lane
Through leaves that lined the ground?

v2 Did our courage hold
In the fading gold
Of days we spent in Autumn,
As we carried on
With the Summer gone
Through leaves that lined the ground?

===

Br1 Quietly, futures slip away,
But pasts remain, and memories stay,
And nothing seems more real today
Than days we spent in Autumn;

Br2 In my mind you're here once more,
Walking with me, like before,
Or dancing still, across a floor
Of leaves that line the ground;

===

v3 Could it happen yet
That we both forget
The days we spent in Autumn?
Could the winter breeze
Blow the memories
Of leaves that lined the ground?

v4 Or will love survive,
And our friendship thrive
From days we spent in Autumn?
Will the bonds remain
Through the winter rain
On leaves that lined the ground?
