v1 Let's hear it for way fallen lovers,
The ones for whom lessons were learnt,
For those who reached out to the fire,
Or those for whom fingers were burnt:
And those who remained full and faithful,
Right up to the moment they weren't;

v2 Let's hear it for those who found triumph,
Or those who were destined to fail,
For all those whose sounds were of fury,
Or those who were whimper and wail:
And those who stayed loyal and constant,
Right up to the point of betrayal;

v3 Let's hear it for those long forgotten,
Or those still remembered with pride,
For those who took refuge in virtue,
Or those who found nowhere to hide,
And those who stood up, proud and truthful,
Right up to the instant they lied.
