v1 Now and again, as we sit side by side,  
Familiar frustrations will well up inside  
That our feeble pretensions can't hide ...

ch1 You were with him last night when I was away,  
Yes, your eyes tell me so, in the cold light of day,  
And you're lying in all that you say.

v2 I simply resent the things you infer:  
No, I wasn't with him, but you were with her,  
And don't just deny it, you were.

ch2 Then with forces now spent we will dampen our fires,  
Lost in the calmness the peace now requires,  
And our own private thoughts and desires ...
